7.0 Cu. Ft. Capacity Drum – Provides a large capacity for clothes to tumble and spread; saves drying time. Smooth, DuraWhite™ finish resists rust and helps prevent snagging; increases in-the-drum visibility.

Balanced Airflow System – You want a dryer that is energy efficient and dependable. Your customers want a dryer that can get clothes dry faster and more efficiently. The key is tumbling – which allows wrinkle-free, uniform drying results. These Whirlpool® commercial dryers circulate air throughout the drum to help equalize drying temperatures and control linting.

Large, Top-Mounted Metal Lint Screen (99 sq. in.) – Largest in the Industry! Easy to remove and clean. Large surface area provides maximum unrestricted air flow for efficient drying. Durable fine-mesh metal screen is rust- and corrosion-resistant.

Super Wide-Opening Side-Swing Door – Permits easy loading and unloading of clothes and checking of drying progress.

Whirlpool® Commercial Laundry Products give you all you expect from the #1 Appliance Manufacturer in the World!
