Identical to Models CSP2740K and CSP2741K with windows in the doors.

#### **7.4 Cu. Ft. Capacity**

The largest capacity in the industry! The increased capacity allows for large loads of clothes to tumble and spread, saving you and your customers drying time and expense.

#### **Balanced Airflow System**

Whirlpool® commercial stack dryers have an energy-efficient balanced airflow system that circulates air throughout the drum to equalize drying temperatures. With a normal venting system, Whirlpool® commercial dryers have superior back pressure resulting in better airflow and improved drying efficiency.
